- Associate Junior Membership Cards must be carried at all times whilst on club waters.

- Members and their Associate Junior Members must occupy the same swim.
- Associate Junior Members can only fish with one rod.
- Associate Junior Members cannot fish IPA waters.
- Associate Junior Members are not permitted to vote at the AGM.
- Associate Junior Members can claim specimen trophies.

If the junior wishes to fish their own swim or with two rods, they must first purchase a full Junior Membership Book. Full Junior Members aged 12 and over can also fish unaccompanied (with prior parental consent), except whilst night fishing.

Note 6 Associate Junior Membership And Night Fishing

- The SDAA committee has decided to extend the concession on night fishing for Associate Junior Members. This is still being run as a trial, which may be modified or withdrawn without notice.
- This initiative is designed to allow Associate Juniors to sample the experience of night fishing at no charge. The adult Member must judge whether the Associate Junior is capable of actively fishing at night or whether to just enjoy the experience.
- Adult Members (aged 18 or over) can be accompanied by a single Associate Junior whilst night fishing SDAA waters provided prior permission has been granted by a parent/guardian by signing the declaration on the Associate Junior Membership card. The adult Member must be in possession of the appropriate adult night permit whilst night fishing The Airman, Broom Lake or Wellington Lake.

Note 7 The form must be signed by a parent/guardian. If the parent/guardian is not the Member who will accompany the child, they must also provide their contact details. **Please note that due to additional rules introduced to help conform to government guidelines on social distancing Juniors and Associate Juniors are currently not allowed to fish unless accompanied and supervised by a member from the same household (or 'support bubble') aged 18 or over.**
